

FILO

Radiator painted in Brown (cod. 09)

Bathroom radiator **FILO**

The IRSAP range is completed by the inclusion of **FILO**. This solution integrates well with interior design features as well as in homes and office environments.

The narrow diameter of the horizontal rails give **FILO** radiators a slim-line and appealing outline.

Painted with epoxy powders, **FILO** offers a pleasant and modern alternative to existing and tried geometries.

An IRSAP idea that becomes an interior design proposal.

Radiator painted in Quartz Grey (cod. 31)

FILO

In photo: Filo radiator. Height mm 1709, width mm 516, colour Brown (cod. 09).

TECHNICAL SPECIFICATIONS: steel towel warmer radiator with horizontal elements featuring round tubes 12 mm diameter; side manifolds with a 45x30 mm ovoid section; manifold threading 1/2" Gas right; maximum working pressure 4 bar; maximum working temperature 95°C.

01 = Standard White colour code - for different colour codes see the colour card.

For Δt different from 50°C use the formula: $Q=Q_n (\Delta t / 50)^n$

Packaging include: 1 1/2" adjustable chrome plated air vent; 4 white wall brackets for Filo white and 4 chromed wall brackets for Filo coloured.
