

VELA

Chromium-plated Electric

Chromium-plated radiator (cod. 50). Immersion heaters with wireless electronic control.

Bathroom Radiator **VELA** *Electric Chromium-plated*

Chromium-plated VELA radiators are also available in an electric-only version for those situations where it is not possible, or worth-while, to connect them to the normal heating system.

They are supplied complete with wall fixing kit.

Power supply 230 V / 1 ph / 50 Hz, class 2, IP 44.

THE NEW WIRELESS CONTROLLER

allows complete remote management of every electric radiator function. The controller features a weekly program function that allows energy savings according to your lifestyle and routine. A different code is associated with each transmitter to avoid interference with nearby homes. Because they are wireless, the radiofrequency controllers offer the advantage of being quick and easy to install. Commands are transmitted via radio waves. The transmitter can even be placed on a piece of furniture. Because there are no wires, there is no need to carry out any modifications within the home.

50 = Chrome colour code

X = Y for electric heater with thermostatic electronic control; Z for electric heater with wireless electronic control.

CE

The diagrams illustrated below refer to the Vela Chromium Electric radiator with a controller Wireless; for further details regarding overall dimensions and clearances, please refer to the section planes below.

Packaging include: 3 CHELA wall brackets.

ELECTRIC HEATER WITH THERMOSTATIC ELECTRONIC CONTROL

Heater with inbuilt thermostat, calibrated at 90°C and safety thermal cut off calibrated at 152°C, 230 V, 1 ph, 50 Hz temperature regulator with ambient sensor, Class II insulation, IP44 protection index. The temperature sensor allows you to choose an ambient temperature between 7°C and 30°C. It also features a child safety lock. The heater is supplied complete with an approx. 1200 mm long cable and schuko plug.

ELECTRIC HEATER WITH WIRELESS ELECTRONIC CONTROL

Wireless digital electronic control featuring weekly program. 433 MHz function frequency. ITCS (Intelligent Temperature Control System) function to ensure the exact temperature at the set time. The heater is supplied complete with an approx. 1200 mm long cable and schuko plug.
